

Press Release

4-2-15

Bob's Auto Café is pleased to announce its partnership with Campbell Hausfeld.

"We are excited to have Campbell Hausfeld's products at Bob's Auto Café", said Daniel Lacy, Executive Director at BAC. "With their quality and durability we can train our interns without interruptions. And we know those interns will be supporters of Campbell Hausfeld wherever they continue their profession."

The uniquely qualified automotive industry expert, Campbell Hausfeld, provides an assortment of high quality air compressors, pneumatic tools and accessories to further the mission of Bob's Auto Cafe. These tools help BAC improve lives by building up skilled automotive professionals, while servicing cars and helping the less fortunate. For more than 175 years, Campbell Hausfeld has offered durable, reliable equipment for professionals. Campbell's commercial product line includes reciprocating and rotary screw air compressors, air tools, pneumatic accessories and pressure washers.

Bob's Auto Café is a 501 (c)3 non-profit that trains people, services cars and cares for community.
